Subject: Sample Projection Postponement  
for American Chemical Services,  
Inc. Site

Dear Ms. Luckett:

Sample projections for the American Chemical Services, Inc. Site, Griffith, Indiana, scheduled for the week of January 8, 1996, are postponed until further notice, due to a delay in the engineering contractors schedule. Monthly sample projections will continue to be submitted for this site, so that the sampling may remain on a "standby" basis.

You can verify the "standby" status for this sampling requirement with the USEPA work assignment manager, Ms. Sheri Bianchin at (312) 886-4745. Please call Joe Gadowski, Bal Berena or me at (312) 346-3775 if you have questions.

Sincerely,

BLACK & VEATCH Waste Science, Inc.
